

JOB OFFER

Position: **Fiber Optic Technology Specialist**

IPT Fiber is looking for people to work in its modern Research and Development Center in Lubartow. Our company offers a unique opportunity to develop your skills and gain valuable experience working with state-of-the-art equipment for the production and measurement of next-generation fiber optics.

Responsibilities:

- Preparing reports and documentation
- Participating in the research agenda carried out at the R&D Center in Lubartów
- Creating and optimizing fiber optic manufacturing processes
- Supervising and participating in the fiber pulling process
- Operating fiber optic towers; optionally – operating CVD equipment
- Working with fiber optic preforms, including microstructural preforms.

Requirements:

- Documented experience in fiber optic manufacturing
- Higher education – (chemistry, engineering, technical fields) or secondary technical education (chemistry, technical fields)
- Very good manual skills
- Communicative English (min. B2)
- Good work organization
- Willingness to develop your own skills
- Strict compliance with health and safety regulations

What we offer:

- Work in a team creating innovative technologies
- Access to state-of-the-art tools and equipment
- Training necessary for the position (SEP, etc.)
- Opportunity for continuous professional development
- Employment contract
- Private medical care
- Stationary work at the facility in Lubartow

Please send your applications to **jobs@ipt-fiber.pl**, specifying the position and the candidate's name and surname in the subject line of the email.

Please include the following statement in your CV:
